# TWO KINDS OF GAMER. ONE CAMPUS.

# 95%

of Indian gamers play on **mobile**. BGMI, Free Fire, CODM.

They need: squads at their rank, free tournaments, ₹150 to ₹2,400 accessories.

# 67%

of **serious** Gen Z gamers prefer PC, and spend ₹1L+ on a rig.

They need: console rentals, safe CS2 trades.

CORE FLOW

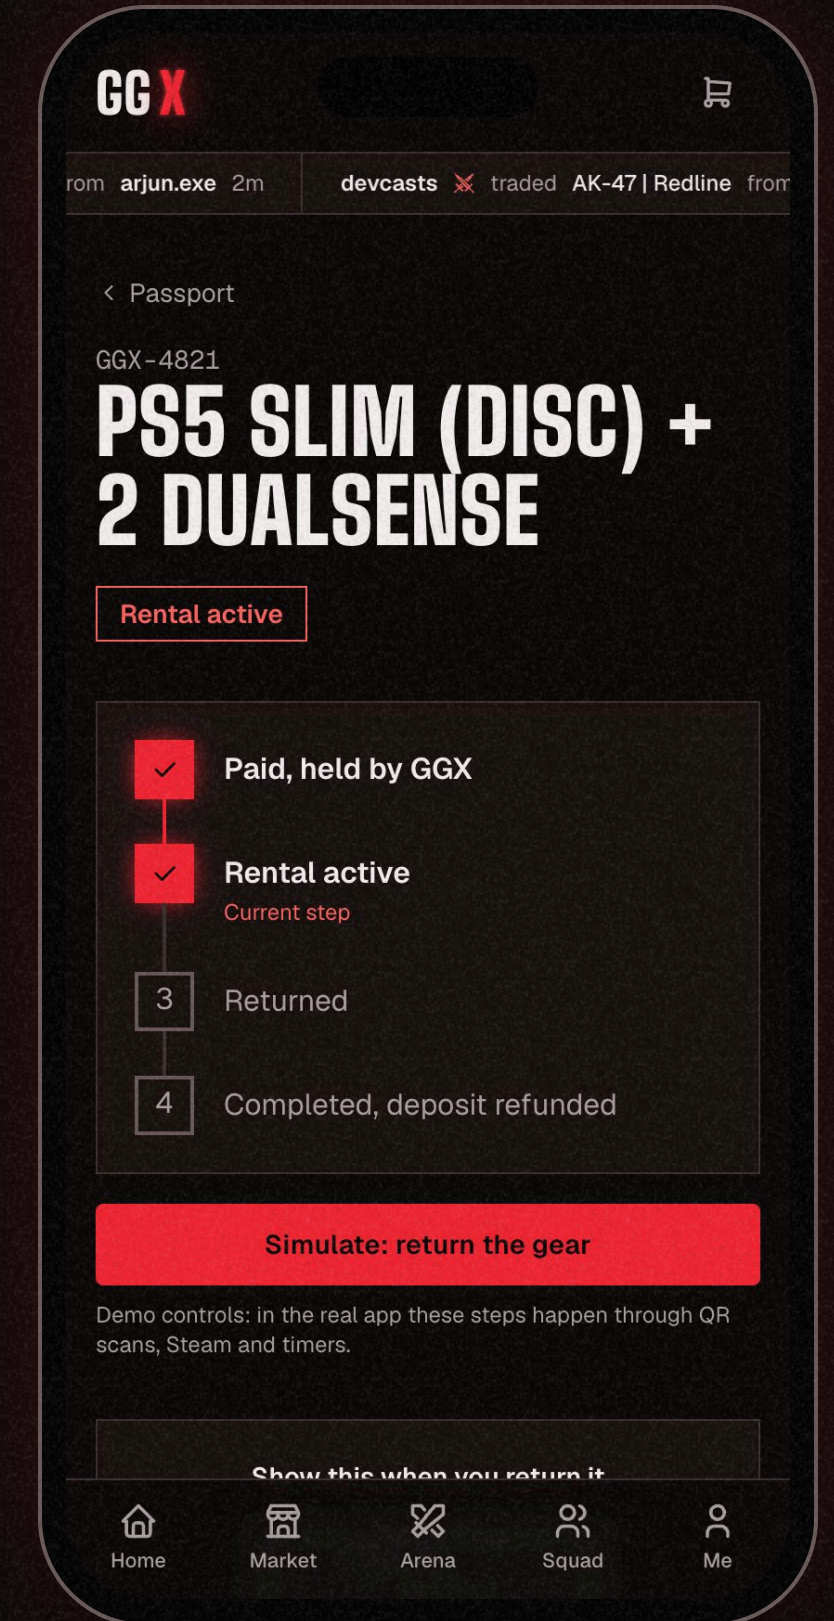

# RENT A PS5 LIKE YOU BORROW A CHARGER.

*money moves only after this scan*

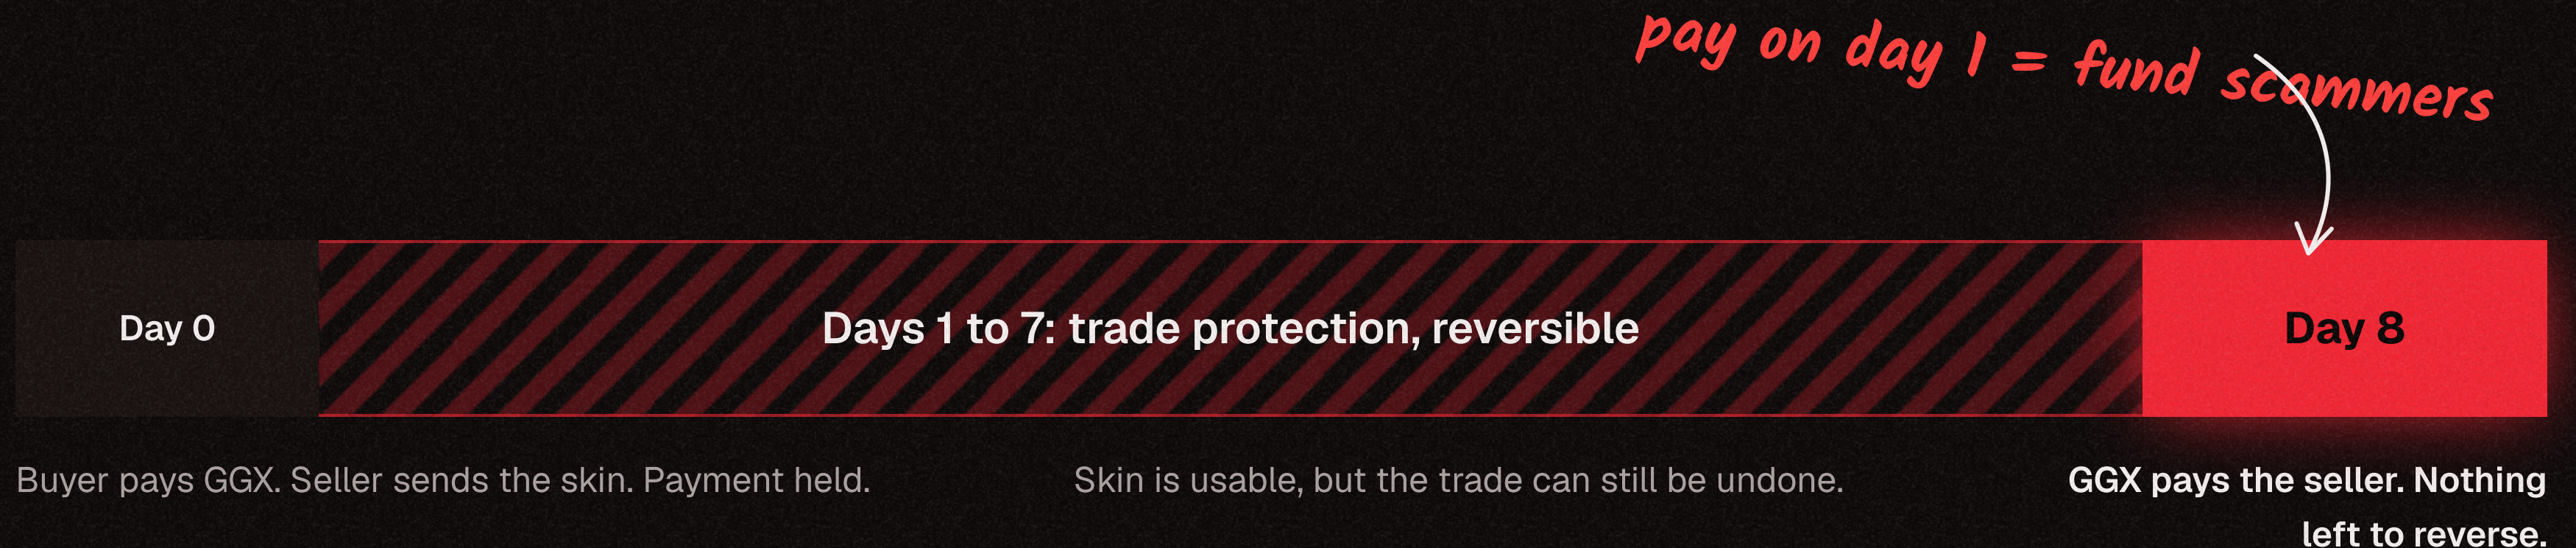

**₹350 × 3 days = ₹1,050.** Plus a ₹10,000 refundable deposit for a new player.

Trusted players (3+ clean trades, 90%+ recommended) pay half on most gear.

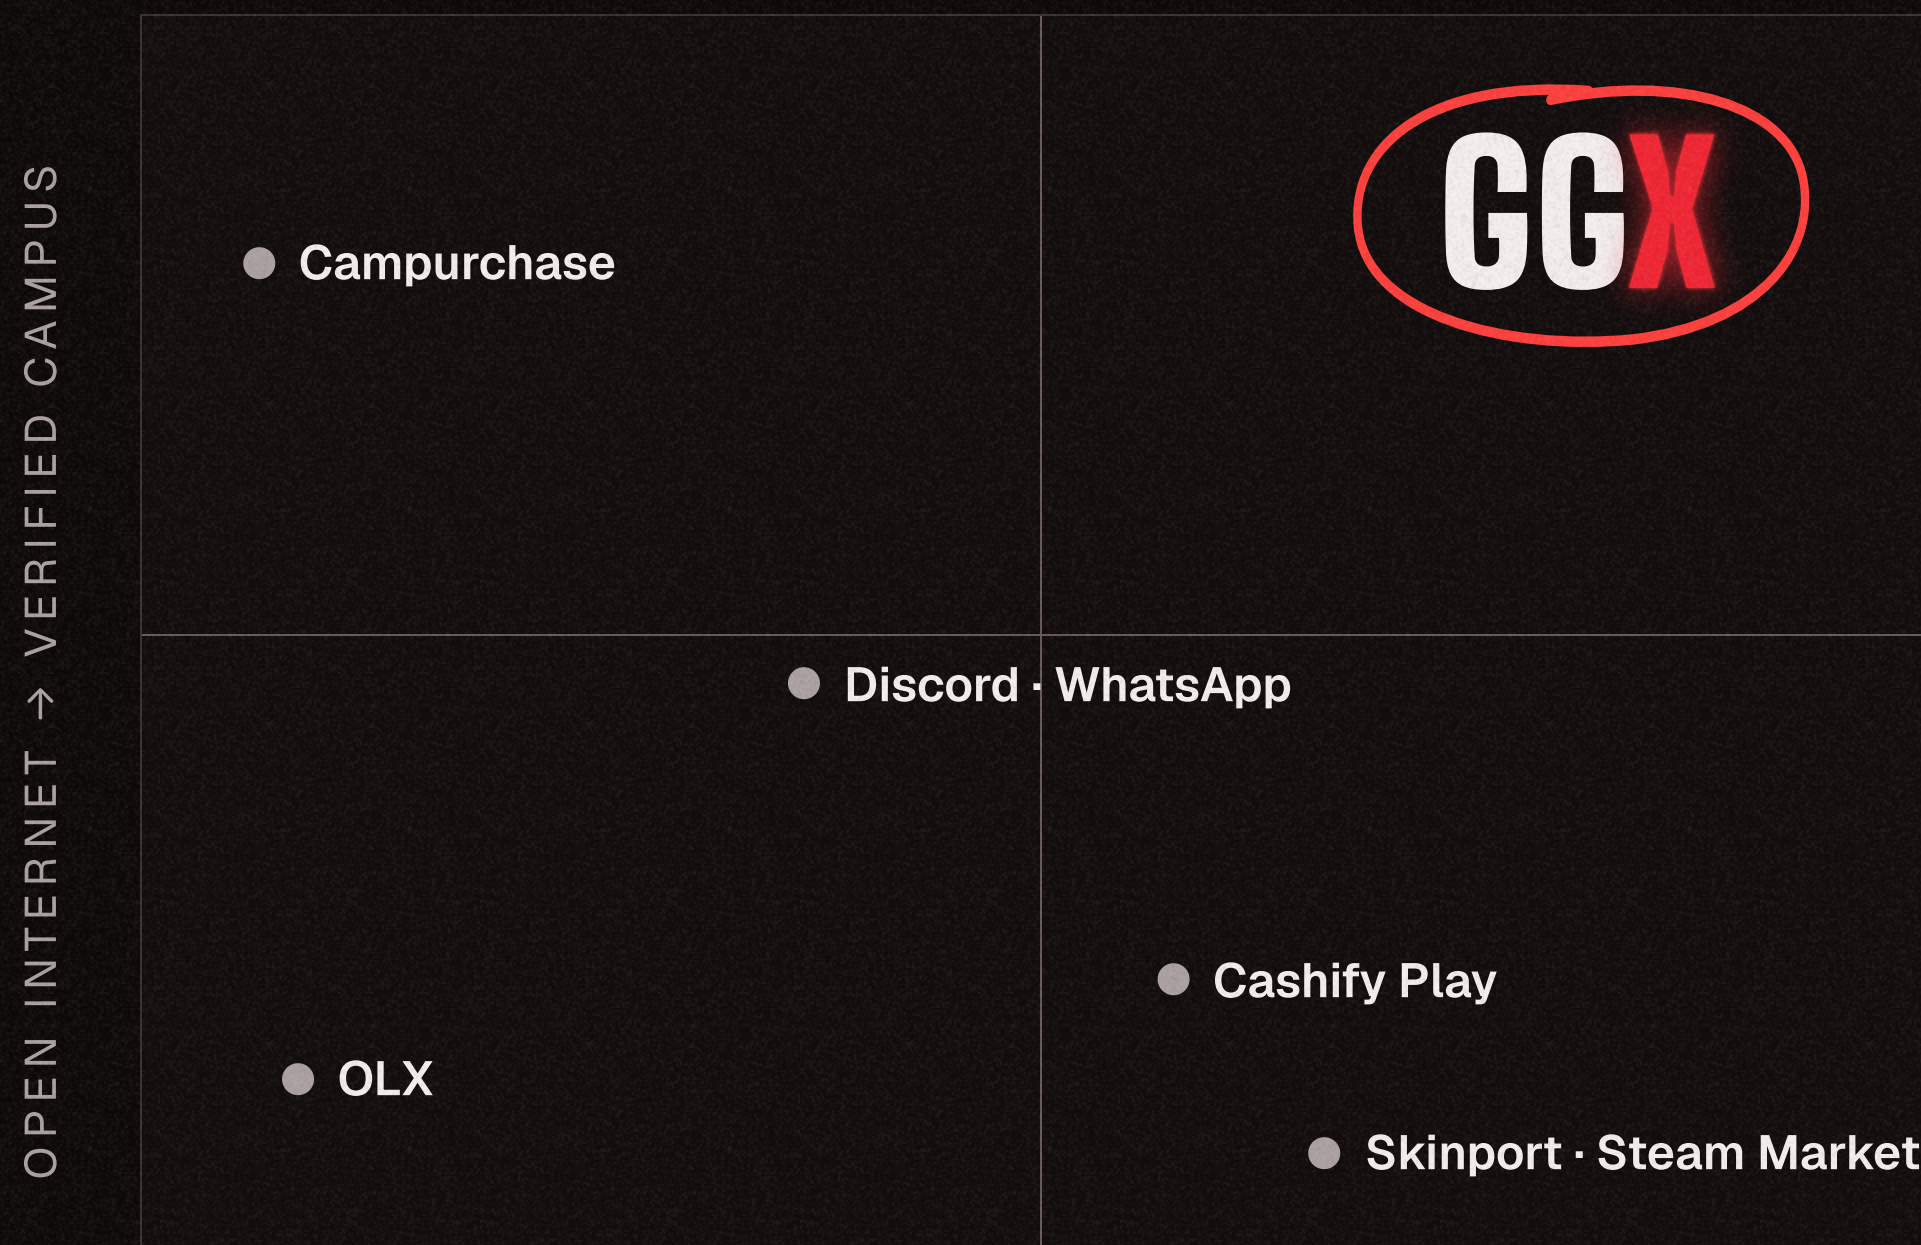

# THE 7-DAY RULE.

Since July 2025, Steam lets the **sender reverse a CS2 trade for 7 days**. A marketplace that pays sellers instantly is paying scammers.

Source: Valve Steam update, July 2025: CS2 items received in trades are Trade Protected for 7 days and can be reversed by the sender (reported by csdb.gg and tradeit.gg).

# HOW GGX MAKES MONEY.

8%

on every completed sale

12%

on every completed rental

₹2L+

what one brand already pays a single host college for a campus tour (KRAFTON). GGX sells that audience every week, not once a year.
